#### INDEPENDENT AUDITOR'S REPORT

Utility Board of Trustees Maquoketa Municipal Electric Utility Maquoketa, Iowa

We have audited the accompanying financial statements of the business type activities and the aggregate remaining fund information of the Maquoketa Municipal Electric Utility, a component unit of the City of Maquoketa, as of and for the year ended December 31, 2009, which collectively comprise the Utility's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Utility officials. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards and provisions require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As described in Note 1, these financial statements were prepared on the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash basis financial position of the business type activities, each major fund, and the aggregate remaining fund information of the Maquoketa Municipal Electric Utility as of December 31, 2009, and the respective changes in cash basis financial position for the year then ended in conformity with the basis of accounting described in Note 1.

In accordance with Government Auditing Standards, we have also issued our report dated March 11, 2010, on our consideration of the Maquoketa Municipal Electric Utility's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

The management's discussion and analysis and budgetary comparison information on pages 4 through 11 and on page 21 are not required parts of the basic financial statements, but are supplementary information required by accounting principles generally accepted in the United State of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements of the Maquoketa Municipal Electric Utility. The combining nonmajor fund financial statements and schedules are presented for purposes of additional analysis and are not required parts of the basic financial statements. The combining nonmajor fund financial statements and schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Miner, Thoy & Meadle Confifred Public Ascountants, PC

Maquoketa, Iowa March 11, 2010

#### I. <u>INTRODUCTION</u>

This management discussion and analysis (MD&A) of Maquoketa Municipal Electric Utility's (MMEU) financial performance provides an overview of MMEU's financial activities for the fiscal year ending December 31, 2009. The information in this MD&A should be considered in conjunction with the financial statements that follow this section.

#### II. OVERVIEW OF BUSINESS

The City of Maquoketa established a municipal electric utility in 1919 in order to provide electricity to the City's streetlights. When it became apparent to local residents, that the City could also provide electricity to homes and businesses, the municipal electric utility was expanded and more generating units were added at its power plant. The City's electric utility actually operated for many years in direct competition with a private electric company until 1984 when the City purchased the Maquoketa assets and property of the Iowa Electric Light and Power Company. The two electric systems were eventually combined into one system.

The Maquoketa City Council and the Maquoketa City Managers were responsible for the oversight and administration of the municipal electric utility until 1985. The Maquoketa voters established an independent Board of Trustees to oversee the municipal electric utility on November 5, 1985. The utility was officially named Maquoketa Municipal Electric Utility (MMEU), and a Utility Manager was hired by the Board of Trustees to manage the electric utility.

#### III. GENERAL OVERVIEW OF UTILITY OPERATIONS

Governance of MMEU is now vested in a five-member Board appointed by the Mayor of Maquoketa with approval of the City Council. Members of the board of Trustees serve for six-year staggered terms. The Board has complete control of MMEU management and employs 20 full-time employees. MMEU's administrative office is located at City Hall.

MMEU has expanded over the years and currently provides electric service to virtually all parts of Maquoketa and some rural areas to the south of Maquoketa. MMEU presently serves approximately 2,827 residential customers, 576 commercial customers, and 10 industrial customers.

MMEU owns distribution lines and transmission lines. MMEU owns and operates two power plants. Plant 1, or the original plant built in 1919, is on the north side of the City, and presently has the capacity to generate 20,450 kWh of power. Plant 2 was built in the City's South Industrial Park along U.S. Highway 61 on the City's south side. Plant 2 has the capacity to generate 5,000 kWh of power. The generating units at Plant 1 can operate on either diesel fuel or natural gas, and the units at Plant 2 operate on diesel fuel only. Plants 1 and 2 generated 403,642 kWh of power in 2009 or about .005% of the total power needs of the City.

4

When diesel fuel prices substantially increased in the 1970's, it became more cost effective for the City to purchase electric power at a wholesale rate from private companies that operated coal-fired and nuclear power plants. The City also joined a consortium of other municipally owned electric utilities known as the Resale Power Group of Iowa (R.P.G.I.) in the 1970's. The R.P.G.I. negotiates the contracts for wholesale electric power from private electric companies on behalf of its member utilities. MMEU signed a five-year agreement for the purchase of wholesale electric power with the R.P.G.I. in late 2003, which became effective on January 1, 2004. This contract ended December 31, 2008. MMEU has a contract with WPPI for wholesale electric power. In 2009, MMEU purchased 79,060,340 kWh or 99.995% of its power needs from WPPI.

#### IV. OVERVIEW OF THE FINANCIAL STATEMENTS

This MD&A serves as an introduction to the financial statements and represents management's examination and analysis of MMEU's financial condition and performance. The financial statements contain information about MMEU based on cash accounting methods as utilized by similar entities in the private sector.

The statement of cash receipts, disbursements, and changes in cash balances presents the results of MMEU's receipts and disbursements over the course of the calendar year and provides information about MMEU's recovery of costs. Electric rates are established by the Board of Trustees and are based on MMEU's Cost of Service Study. The Cost of Service Study estimates annual revenue requirements through an analysis of operational and maintenance expenses, debt service requirements, anticipated capital needs, and return on capital. The study provides a core of information not only for the trustees and staff at MMEU, but also for the customers ultimately affected by the Board's decisions.

The notes to the financial statements provide required disclosures and other information that are essential to a full understanding of data provided in the statements. The notes supplement the financial statements by presenting information about MMEU's accounting policies, significant account balances and activities, material risks, obligations, and commitments.

#### V. MMEU/CITY AGREEMENTS

Although MMEU operates as an independent department of the City of Maquoketa, there is a written cooperative agreement between the City and MMEU that defines shared services and joint efforts. MMEU also provides water meter reading services to the City for \$0.35 per month per meter.

#### VI. MMEU BUDGET AND RATES

MMEU has adopted a calendar year budget that reports on a cash basis. WPPI performs a cost of service study to assist the board in rate setting policy. A rate study by WPPI in 2008 set the rate structure scheduled out below.

The current electric structure went into effect on January 1, 2009. Monthly MMEU rates are as follows:

Residential	
Basic Service \$/Meter	8.00
\$/KW:	0.1150
\$/kWh 1 <sup>st</sup> 600 \$/kWh over 600 & Elec Ht	0.1150 0.1150
5/K WII OVEL GOO & Elec III	0.1130
SGS Non-Demand/Municipal	
Basic Service \$/Meter:	16.00
\$/KW	0.1000
\$/kWh 1 <sup>st</sup> 4200 \$kWh over 4200 & Elec Ht	0.1239 0.1239
privit over 4200 & filee fit	U.12J7
LGS-50 Demand	
Basic Service \$/Meter:	50.00
\$/KW	8.5000
\$/kWh	0.0867
LGS-2000 Demand	
Basic Service \$/Meter	200.00
\$/KW	7.2500
Distribution Demand	1.2500
\$/kWh	0.0760
Security Lights	
Basic Service \$/Meter:	
50 W HPS	7.00
100 W HPS 175 W HG	8.75
250 W HPS	10.25 14.25
400 W HPS	18.25
1000 W HPS	30.50

#### Sales by type of customer account are as follows:

	Accounts	kWh Sold
Residential	2,827	23,199,377
Commercial SGS	576	25,530,887
Power LGS	10	25,081,480
Security Lights	142	544,334

#### VII. <u>FINANCIAL HIGHLIGHTS</u>

MMEU's total revenues increased from \$7,794,857 in 2008 to \$9,540,220 in 2009, an increase of 22.4%. The increase in MMEU revenues were due largely to an increase in usage by one commercial customer and that capacity payment adjustment from WPPI not being netted against purchases as in the past years.

MMEU's total disbursements increased from \$8,872,217 in 2008 to \$9,525,843 in 2009, an increase of \$653,626. Purchased power costs were \$2,379,451 higher in 2009 as compared to 2008. However, improvements consisting of the Sub I Transformer project totaled \$1,364,611 in 2008 while 2009 improvements consisted of only \$242,591 for the 1,300 circuit switch update.

#### VIII. PROGRAM REVENUES

MMEU generated revenues from the following sources in 2008 and 2009:

To	tal Revenues	<u>\$ 7,794,857</u>	<u>\$ 9,540,220</u>
2. 3. 4.	Intergovernmental Use of Money/Property Miscellaneous	120,509 213,085	59,398 191,888
1.	Charges for Services: Residential Commercial Power Sales Capacity payments Security Lights	2008 \$ 2,478,884 3,126,100 1,783,117 	2009 \$ 2,822,764 3,083,440 2,673,858 635,646 73,226 9,288,934
		2000	2000

#### IX. PROGRAM EXPENSES

A comparison of MMEU 2008 and 2009 disbursements is as follows:

	<u>2008</u>	<u>2009</u>
General Operating Debt Service	\$ 8,053,142 <u>819,075</u>	\$ 8,928,530 597,313
Total	\$ 8,872,217	\$ 9,525,843

The \$653,626 increase is due to the higher purchased power costs and less paid out in capital improvements as compared to 2008.

#### X. MMEU CASH BALANCES OR ASSETS

MMEU operates on a cash basis accounting system using six funds. Almost all revenues are credited and expenses paid through the General Operating Fund. The Board authorized closing the Capital Projects fund this year. A comparison of the cash balances in the MMEU funds are as follows:

<u>Fund</u>	Balance <u>12/31/2008</u>	Balance 12/31/2009
<ol> <li>General Operating</li> <li>Electric Surplus</li> <li>Bond Sinking</li> <li>Bond Reserve</li> <li>Customer Deposits         Total     </li> </ol>	\$ 4,133,753 171,500 167,476 492,500 62,780 \$ 5,028,009	\$ 4,145,488 171,500 167,539 492,500 65,359 \$ 5,042,386

The General Operating Fund is divided into eight accounts.

	Balance	Balance
Account	12/31/2008	12/31/2009
1. Operating Account	\$ 2,847,374	\$ 2,908,047
2. Insurance Account	65,872	68,874
3. Vehicle Reserve - Distribution	210,143	310,143
4. Vehicle Reserve – Plant	48,956	61,956
5. Power Requirements	50,000	50,000
6. Heavy Equipment	45,723	60,723
7. Sub I Improvement	865,685	685,745
Total	<u>\$ 4,133,753</u>	<u>\$ 4,145,488</u>

#### XI. CONDENSED REVENUES, EXPENSES AND CHANGE IN CASH BALANCES

	<u>2008</u>	<u>2009</u>
Starting Cash Balance – All Funds Total Revenues	\$ 4,297,429 9,602,797	\$ 5,028,009 9,540,220
Total Expenses Ending Cash Balance – All Funds	8,872,217 \$ 5,028,009	9,525,843 \$ 5,042,386

#### XII. MMEU OUTSTANDING DEBT

On January 15, 2008, MMEU Board of Trustees issued \$4,925,000 in electric revenue notes, with a net interest cost of 4.089%, to advance refund the 2001 and 2002 notes and to partially finance the \$1,800,000 substation/switchgear project. Underwriting fees and other issuance costs were \$82,100. Proceeds of \$3,266,568 were used to purchase U.S. Government Securities and deposited in an irrevocable trust with an escrow agent. Subsequent debt service payments on the refunded notes were paid from the irrevocable trust. The outstanding balance of the revenue notes as of December 31, 2009 were as follows:

Series 2008 Electric Revenue Improvement & Refunding Bonds \$4,045,000

A comparison of the debt paid and outstanding balances for 2008 and 2009 is as follows:

	<u>2008</u>	<u>2009</u>
Starting Debt Balance Debt Issued	\$ 3,195,000 4,925,000	\$ 4,475,000
Debt Retired Ending Debt Balance	(3,645,000) \$ 4,475,000	(430,000) \$ 4,045,000

#### XIII. SIGNIFICANT CAPITAL IMPROVEMENTS

MMEU completed the following capital improvement project in 2009:

1,300 circuit switch update for \$242,591

In addition to these improvements, the Board of Trustees pledged \$350,000 to the Area Recreation Center (ARC) in 2004. The fourth payment of \$70,000 was made during 2009.

#### XIV. ANALYSIS OF OVERALL FINANCIAL POSITION

MMEU overall financial position increased slightly by \$14,377 during 2009.

#### XV. ANALYSIS OF BALANCES AND TRANSACTIONS

The net income was due to increase in purchase power costs but less spent on capital improvements in 2009.

### XVI. <u>ANALYSIS OF VARIATIONS BETWEEN ORIGINAL AND FINAL BUDGET AMOUNTS</u>

There was a relatively small difference between the MMEU original budget and the actual results.

	<u>Budget</u>	<u>Actual</u>
Expenditures	\$11,775,840	\$9,525,843

The difference resulted from variations in the following items:

- 1. Administration
  - a. Legal
  - b. Salaries and benefits
- 2. Distribution
  - a. Vehicle maintenance
  - b. Salaries and benefits
  - c. Uniform rental

#### XVII. <u>CURRENT KNOWN FACTS – EFFECT ON FINANCIAL POSITION</u>

There are no known facts, decisions, or conditions that are expected to have a significant effect on MMEU's financial position. MMEU does not anticipate any significant changes in operating expenses, revenues, or net assets in 2009.

In 2008, MMEU completed the fifth and final year of the purchase power contract with R.P.G.I. MMEU has signed a long term power purchase agreement with WPPI (Wisconsin Public Power Incorporated) which will commence January 1, 2009 and remain in effect until December 31, 2037. The contract can be terminated by either party upon five year written notice by either party. While power costs will increase in the next year, the increases are considered reasonable and will be passed on to MMEU customers.

MMEU has recently completed some very comprehensive and significant capital improvement projects. MMEU will continue to make improvements to the distribution system. These improvements will be financed from the General Operating Fund without incurring additional debt.

#### XVIII. FINAL COMMENTS

This MD&A report was written to assist readers in understanding the results reported in the financial statements. It represents MMEU's effort to follow GASB Statement No. 34. The MD&A will be upgraded and improved each year in order to help the reader assess the financial condition of the Maquoketa Municipal Electric Utility.

These financial statements should be read only in connection with

the accompanying summary of significant accounting policies

and notes to financial statements.

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Reporting Entity

The financial statements include only the funds of the Maquoketa Municipal Electric Utility (the Utility). The Utility has considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the Utility are such that exclusion would cause the Utility's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the Utility to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the Utility. Based on the above criteria, the Utility has determined that there are no potential component units which must be included in the Utility's financial statements as of and for the year ended December 31, 2009.

The Maquoketa Municipal Electric Utility is includable as a component unit within the City of Maquoketa, Iowa, reporting entity because it has the potential to provide specific benefits to, or impose specific financial burdens on the City of Maquoketa, Iowa.

#### B. Basis of Presentation

Government-wide Financial Statements - The Statement of Cash Receipts, Disbursements, and Changes in Cash Balances reports information on all of the activities of the Utility. For the most part, the effect of interfund activity has been removed from this statement.

Net assets are reported in two categories:

Restricted net assets result when constraints placed on net asset use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net assets consist of net assets that do not meet the definition of the preceding category. Unrestricted net assets often have constraints on resources imposed by management, which can be removed or modified.

<u>Fund Financial Statements</u> - Separate financial statements are provided for proprietary funds. Major individual enterprise funds are reported as separate columns in the fund financial statements. All remaining enterprise funds are aggregated and reported as nonmajor enterprise funds.

The Utility reports the following major enterprise funds:

#### General Operating Fund

Receipts not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating disbursements, the fixed charges, and the capital improvement costs that are not paid from other funds.

#### **NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

Bond Sinking Fund

This fund is used to accumulate funds which are used to make the regularly scheduled principal and interest payments on the revenue notes payable.

#### C. Measurement Focus and Basis of Accounting

The Utility maintains its financial records on the cash basis for receipts and disbursements and the financial statements of the Utility are prepared on that basis. The cash basis of accounting does not report accounts receivable, accounts payable, and accrued items. Accordingly, the financial statements do not present financial position and results of operations of the funds in accordance with accounting principles generally accepted in the United States of America.

#### Budgets and Budgetary Accounting

In accordance with the Code of Iowa, the Utility Board of Trustees annually adopts a budget on the cash basis following required public notice and hearing for all funds. The annual budget may be amended during the year utilizing statutorily prescribed procedures.

#### NOTE 2 – DEPOSITS AND POOLED INVESTMENTS

The Utility's deposits in banks at December 31, 2009, were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The Utility is authorized by state statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Utility Board of Trustees; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

The Utility had investments in the Iowa Public Agency Investment Trust which are valued at an amortized cost of \$1,108,921 pursuant to Rule 2a-7 under the Investment Company Act of 1940 and are not subject to risk categorization.

#### **NOTE 3 – NOTES PAYABLE**

Annual debt service requirements to maturity for revenue notes are as follows:

Year Ending December 31	<u>Principal</u>	Interest	<u>Total</u>
2010	\$ 445,000	\$ 152,693	\$ 597,693
2011	460,000	137,563	597,563
2012	475,000	121,463	596,463
2013	495,000	104,363	599,363
2014	515,000	86,048	601,048
Thereafter	1,655,000	134,590	1,789,590
	<u>\$4,045,000</u>	<u>\$ 736,720</u>	<u>\$4,781,720</u>

The resolutions providing for the issuance of the revenue notes include the following provisions:

- (a) The notes will only be redeemed from the net revenues of the Utility.
- (b) Establish an Electric Revenue Sinking Fund and make a monthly cash transfer equal to 1/6 of the interest coming due on the next succeeding interest payment date plus 1/12 of the principal coming due on the next succeeding principal payment date.
- (c) Establish a Surplus Fund into which there is to be set apart and paid all of the Net Revenues remaining after making the required payments into the Sinking Fund.
- (d) Establish rates to produce gross revenues sufficient to pay the expenses of operation and maintenance of the Utility, and leave a balance of net revenues sufficient to pay the annual installments of principal and interest on all outstanding notes.

The Utility is in compliance with the provisions noted above.

#### NOTE 4 - COMPENSATED ABSENCES

Utility employees accumulate vacation, sick leave, and compensatory time for subsequent use or for payment upon termination, retirement, or death. These accumulations are not recognized as disbursements by the Utility until used or paid. The Utility's approximate maximum liability for unrecognized accrued employee benefits is as follows:

Type of Benefit	Amount at <u>December 31, 2009</u>
Vacation Sick leave Compensatory time	$\begin{array}{r} \$ & 79,537 \\ 330,867 \\ \underline{2,703} \\ \$ & 413,107 \end{array}$

#### **NOTE 5 – INTERFUND TRANSFERS**

The detail of interfund transfers for the year ended December 31, 2009 is as follows:

Transfer To	Transfer From	Amount_
Bond Sinking	General Operating	\$ 597,376

The purpose of the transfer to the Bond Sinking Fund was to allocate amounts required for payments on revenue notes.

#### NOTE 6 – PENSION AND RETIREMENT BENEFITS

The Utility contributes to the Iowa Public Employees Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by state statute for plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa, 50306-9117.

Plan members are required to contribute 4.30% of their annual covered salary, and the Utility is required to contribute 6.65% of annual covered payroll. Contribution requirements are established by state statute. The Utility's contributions to IPERS for the years ended December 31, 2009, 2008, and 2007, were \$66,293, \$59,013, and \$54,873, respectively, and each equal to the required contributions for each year.

#### NOTE 7 - RISK MANAGEMENT

The Utility is exposed to various risks of loss related to torts: theft, damage to and destruction of assets, errors and omissions, injuries to employees, and natural disasters. These risks are covered through the purchase of commercial insurance. The Utility assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

#### NOTE 8 – RELATED PARTY TRANSACTIONS

As stated in Note 1, Maquoketa Municipal Electric Utility is a component unit of the City of Maquoketa, Iowa. The City pays the Utility for electric service to City-owned facilities and also pays the Utility for labor performed by Utility employees on city property. For the year ended December 31, 2009, the utility received the following amounts from the City:

Electric service	\$	345,766
Labor		15,759
	<u>\$</u>	361,525

#### NOTE 9 – REVENUE NOTES COMPLIANCE

A provision of the revenue notes requires the Utility to establish and adjust rates to produce gross revenues at least sufficient to pay the expenses of operations and maintenance of the Utility and to leave a balance of net revenues sufficient to pay the annual installment of principal and interest on the notes. For the year ended December 31, 2009, the Utility produced revenues sufficient to meet this provision.

#### NOTE 10 - SUBSEQUENT EVENTS

The Utilities has evaluated events and transactions occurring after December 31, 2009 for potential items requiring to be recognized or disclosed in the financial statements. Subsequent events have been evaluated through March 11, 2010, the date of which the financial statements were available to be issued.

# INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE AND OTHER MATTERS AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Utility Board of Trustees Maquoketa Municipal Electric Utility Maquoketa, Iowa

We have audited the accompanying financial statements of the governmental activities, the business type activities, each major fund, and the aggregate remaining fund information of Maquoketa Municipal Electric Utility, as of and for the year ended December 31, 2009 which collectively comprise the Utility's basic financial statements listed on the table of contents and have issued our report thereon dated March 11, 2010. Our report expressed an unqualified opinion on the financial statements which were prepared in conformity with an other comprehensive basis of accounting. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Maquoketa Municipal Electric Utility's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statement, but not for the purpose of expressing our opinion on the effectiveness of Maquoketa Municipal Electric Utility's internal control over financial reporting. Accordingly, we do not express an opinion an the effectiveness of Maquoketa Municipal Electric Utility's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in the internal control over financial reporting that we consider to be significant deficiencies and other deficiencies we consider to be material weaknesses.

A control deficiency exists when the design or operation of control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects Maquoketa Municipal Electric Utility's ability to initiate, authorize, record, process, or report financial data reliable in accordance with an other comprehensive basis of accounting such that there is more than a remote likelihood a misstatement of Maquoketa Municipal Electric Utility's financial statements that is more than inconsequential will not be prevented or detected by Maquoketa Municipal Electric Utility's internal control. We consider the items described in Part I of the accompanying Schedule of Findings to be significant deficiencies in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in a more than a remote likelihood a material misstatement of financial statements will not be prevented or detected by Maquoketa Municipal Electric Utility's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly would not necessarily disclose all significant deficiencies that are considered to be material weaknesses. However, we believe the reportable conditions described above are not material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Maquoketa Municipal Electric Utility's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*.

Comments involving statutory and other legal matters about the Utility's operations for the year ended December 31, 2009, are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the Utility. Since our audit was based on tests and samples, not all transactions that might have had an effect on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes. There were no prior year statutory comments.

This report, a public record by law, is intended solely for the information and use of the officials and employees of Maquoketa Municipal Electric Utility, the citizens of the City of Maquoketa and other parties to whom Maquoketa Municipal Electric Utility may report. This report is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the cooperation and assistance provided by the personnel of Maquoketa Municipal Electric Utility during the course of our audit. Should you have any questions concerning any of the above matters, please do not hesitate to contact us.

Maquoketa, Iowa March 11, 2010

#### MAQUOKETA MUNICIPAL ELECTRIC UTILITY SCHEDULE OF FINDINGS December 31, 2009

#### Part I: Findings Related to the Financial Statements:

#### REPORTABLE CONDITIONS

I-A-09 <u>Segregation of Duties</u> - One important aspect of internal control is the segregation of duties among employees to prevent an individual employee from handling duties which are incompatible. We noted that cash collections, bank deposits, and cash receipts postings are at times done by the same person. We also noted that the person who prepares the bank reconciliation is also an authorized check signer.

<u>Recommendation</u> - We realize segregation of duties is difficult with a limited number of office employees. However, the Utility should review its control procedures to obtain the maximum internal control possible under the circumstances.

<u>Response</u> - We continue to assess obtaining this goal with the current staff size.

<u>Conclusion</u> - Response accepted.

I-B-09 Controls Over Financial Statement Preparation - The Utility is required to maintain a system of controls over the preparation of financial statements in accordance with generally accepted accounting principles (GAAP). We noted that the Utility does not maintain adequate internal controls over financial reporting to present financial statements in accordance with GAAP; and to ensure that they are free of material misstatements and include all disclosures as required by the Governmental Accounting Standards Board (GASB).

Recommendation - The Utility should implement a comprehensive preparation and/or review procedure to ensure that the financial statements, including disclosures, are complete and accurate. Such procedures should be performed by properly trained individuals possessing a thorough understanding of applicable GAAP, GASB pronouncements, and knowledge of the Utility's activities and operations.

<u>Response</u> - We will assess obtaining this goal with the current staff size.

Conclusion - Response accepted.

#### MAQUOKETA MUNICIPAL ELECTRIC UTILITY SCHEDULE OF FINDINGS December 31, 2009

#### Part II: Other Findings Related to Statutory Reporting:

- II-A-09 Depositories A resolution naming official depositories has been approved by the Utility Board. The maximum deposit amounts stated in the resolution were not exceeded during the year ended December 31, 2009.
   II-B-09 Certified Budget Disbursements during the year ended December 31, 2009 did not exceed amounts budgeted.
- II-C-09 <u>Questionable Disbursements</u> We noted no disbursements that we believe would not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979.
- II-D-09 <u>Travel Expense</u> No disbursements of Utility money for travel expenses of spouses of utility officials or spouses of utility employees were noted.
- II-E-09 <u>Business Transactions</u> We noted no business transactions between the Utility and Utility officials or employees that appear to represent a conflict of interest.
- II-F-09 <u>Bond Coverage</u> Surety bond coverage of utility officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to ensure that coverage is adequate for current operations.
- II-G-09 <u>Board Minutes</u> No transactions were found that we believe should have been approved in the Board minutes but were not.
- II-H-09 <u>Deposits and Investments</u> No instances of non-compliance with the deposit and investment provisions of Chapters 12B and 12C of the Code of Iowa and the Utility's investment policy were noted.
- II-I-09 Revenue Notes During the year ended December 31, 2009, the Utility met the provision of the revenue notes that requires the net revenues of the Utility be sufficient to pay the expenses of operation and maintenance of the Utility and to leave a balance of net revenues sufficient to pay the principal and interest on the revenue notes.
- II-J-09 <u>Telecommunication Services</u> No instances of non-compliance with Chapter 388.10 of the Code of Iowa were noted.
